

# Compassion Was Born

God came to see behind our eyes  
To feel **our** feelings  
To see **our** sights  
To correct the wrongs  
And provide the rights  
He came to see behind our eyes

God became **human**  
I don't understand  
How **can** it be  
God with **us**  
God **in** us  
God **for** us  
**Can** we believe  
**Can** we embrace  
Can we **allow** him his rightful place  
He came to see behind our **eyes**

The one who **made** us  
The one who **reigns**  
He **understands** us  
**All** of our pains  
**All** of our fears  
**All** of our thoughts  
Can we **believe**  
Can we **embrace**  
Can we allow him his **rightful place**  
**He came to see behind our eyes**

The love that he **showed**  
The love he **displays**  
Will we **receive** it  
Will we **give** it away

We **marvel**  
We **ponder**  
We fear & we fret  
**What does this mean**  
What do we do  
He came to see behind our eyes

He gave – give  
He loved – love  
He endured – don't give up  
He knew **us** – know him

He **came** to see behind our eyes  
**Come** - & see behind his  
**Go** - & see behind others

Miracle after miracle  
He did  
**Just** to come  
Did you **see**  
Did you **notice**  
**Look!**
